

A black and white photograph of a wall heavily covered in mold, with various dark spots and patches. A person's arm wearing a black glove is visible on the right side, holding a piece of paper or a small board against the wall.

MOLD CAN BE DETECTED

AND YOU CAN BE PROTECTED!

PROTECT YOUR INVESTMENT

Mold can be found in any home across the country. Protect your family from the potential health hazards of mold by having a visual inspection performed on your home.

We help to provide peace of mind by backing up each inspection with MoldSafe.

MOLD FACTS:

- Potential health problems associated with mold exposures include allergic reactions, asthma, and other respiratory complaints
- Molds can be found almost anywhere; they can grow on virtually any substance, providing moisture is present

WHAT WE OFFER:

- Our inspector will perform a visual inspection of accessible areas in your home
- If visible mold is found in your home that was not present at the time of inspection, you are covered for remediation up to \$2000
